Latin America is a region with a long and complex history of security challenges. The region has been plagued by violence, crime, and political instability for centuries. In recent years, the region has also faced new threats, such as drug trafficking, terrorism, and climate change.

Contested Security in Latin America is a comprehensive guide to the region's security challenges. The book examines the historical, political, and economic factors that have shaped Latin America's security landscape, and it analyzes the current threats and challenges facing the region.

The book is divided into four parts. The first part provides an overview of the region's security challenges. The second part examines the historical

roots of these challenges. The third part analyzes the current threats and challenges facing the region. The fourth part discusses the prospects for improving security in Latin America.

Contested Security in Latin America is a valuable resource for anyone interested in the region's security challenges. The book provides a comprehensive overview of the region's history, politics, and economics, and it analyzes the current threats and challenges facing the region. The book also provides a valuable perspective on the prospects for improving security in Latin America.
