Leslie is a young woman with big dreams. She wants to travel the world, experience all that life has to offer, and find true love. But when she meets

billionaire businessman Alexander Blackwood, her life takes an unexpected turn.

Alexander is handsome, charming, and successful. He's everything that Leslie has ever wanted in a man. But he's also older, more experienced, and has a reputation for being a playboy.

Despite their differences, Leslie and Alexander find themselves drawn to each other. They share a passion for adventure, a love of travel, and a desire for something more than just a casual fling.

But their relationship is not without its challenges. Alexander's ex-girlfriend is determined to win him back, and Leslie's friends and family worry that she's getting in over her head.

Can Leslie and Alexander overcome the obstacles that stand in their way? Or will their love be too much to handle?
